I'll look at this on Wednesday. I'm frantically packing for the field with a 6:30 AM departure tomorrow.

Hi All,  
Here are some minor comments/tipos. Attached are my comments.

I'm not sure if you would like to add the krill study since they are a native species that would also be expected to be found in OR state waters.

Will you be sending the data that we downloaded from the NOAA site cited as Feely et al 2015?

If so, I need to correct some headings. The calculations are correct but some headings are incorrect due to cut and paste error.

Thanks for pulling this together.  
Cheryl

Hi all,

I made some revisions based on your comments and some inputs from Steve Sweeney, our OA OGC attorney. Let me know if you have additional edits by COB Tues. Thx.
